

The 8th IEEE International Workshop on Big Data and IoT Security in Smart Computing

During SMARTCOMP 2024 (June 29 - July 2, 2024, Osaka, Japan)

<https://www.yama.info.waseda.ac.jp/en/bits2024>

Call for Papers

Smart computing aims at improving quality of life and experience in modern society represents the next wave of computing. Key technologies for realizing smart computing include sensing, IoTs, mobile and pervasive computing, cyber-physical-social systems, big data, machine learning, data analytics, social and cognitive computing. Smart computing helps to solve a wide variety of societal challenges related to transportation, energy, healthcare, finance, disaster management, and so on.

At the core of all such systems and applications, critical issues include security, privacy, reliability, resiliency, robustness, and efficiency. Indeed, to boost the development of big data applications in smart computing, data security and data traceability as well as efficiency are extremely important.

After successful previously held seven IEEE International Workshops on Big Data and IoT Security in Smart Computing (IEEE BITS 2017/2018/2019/2020/2021/2022/2023), the 8th workshop, IEEE BITS2024, will be held focusing on theories and implementations on security, privacy, reliability, resiliency, and robustness secure computing and efficient data management in Cloud/IoT environment. BITS is a full-day workshop that is going to be organized in conjunction with the 10th IEEE International Conference on Smart Computing (SmartComp2024) in June 29 – July 2, 2024.

The topics to be addressed at BITS2024 will include, but not limited to, theoretical or practical aspects of big data and IoT in smart computing and cyber-physical systems. Papers describing experience on real prototype implementations are also welcome. Submissions should be targeted to one of the following sub-topics:

- Anonymity for big data
- Big data management and its efficiency in Smart Computing
- Cloud security and privacy policies

- Data traceability for big data
- Distributed systems security
- Encryption theory and its implementations for big data
- IoT services and applications in Smart Computing
- Legal study for big data
- Machine learning in Smart Computing
- Privacy risk assessment
- Secure computation for big data
- Security management
- Side-channel attacks in Smart Computing
- Trust, security, privacy, and data provenance issues in Smart Computing
- Privacy issues for big data
- Security and privacy issues in various smart computing applications such as transportation, energy, environmental, smart city, healthcare, and social media

Submission Guidelines

Paper submissions should be **no longer than 6 pages** and formatted according to the [IEEE conference template](#). Papers must be submitted electronically as PDF files through EDAS by selecting **BITS2024** track.

All submitted papers will be subject to peer reviews by Technical Program Committee members and other experts in the field. All presented papers will be published in the SmartComp2024 conference proceedings and submitted to the **IEEE Xplore Digital Library**. All accepted papers will be **EI indexed**.

- [IEEE conference template](#)
- Submission from EDAS (please select BITS2024 track). **The link for submission will be announced soon.**

Organizing Committee

General Co-Chairs

- Hayato Yamana, Waseda University, Japan
- Sajal K. Das, Missouri Univ. of Science and Technology, USA

Technical Program Co-Chairs

- Keiichi Yasumoto, Nara Institute of Science and Technology, Japan
- Shameek Bhattacharjee, Western Michigan University, USA

Technical Program Committee

- Nicola Bena, University of Milan, Italy
- Masato Oguchi, Ochanomizu University, Japan
- Hiroshi Shigeno, Keio University, Japan
- Kana Shimizu, Waseda University, Japan
- Yuzo Taenaka, Nara Institute of Science and Technology, Japan
- Jose Talusan, Vanderbilt University, USA
- Hirozumi Yamaguchi, Osaka University, Japan
- Abhishek Dubey, Vanderbilt University, USA
- Yoshitaka Nakamura, Kyoto Tachibana University, Japan
- Delphine Reinhardt, University of Göttingen, Germany

Important Dates

Paper Submission Deadline: ~~March 31, 2024~~ **Apr 12, 2024**

Accepted Notification: April 30, 2024

Camera Ready Deadline: May 10, 2024

Workshop Date: June 29th, during SmartComp2024 (Please check: <https://smartcomp.waseda.jp>)

Program

TBA
